PROFESSIONAL SUMMARY

Computer Engineering student at Centro Universitario de los Altos (CUAltos), Universidad de Guadalajara, and web developer with experience building functional, high-performance platforms. Combines technical expertise with strong interpersonal and customer service skills to communicate effectively, collaborate in team environments, and translate user needs into technical solutions. Recognized for a strong work ethic, adaptability, and commitment.

TECHNICAL SKILLS

Frontend: React, JavaScript, Tailwind CSS, Astro, Three.js, GSAP

Backend and Data: Node.js, Python, MongoDB

Tools: Git, GitHub, Blender

WORK EXPERIENCE

Web Developer (Social Service) - Regionika

Universidad de Guadalajara, CUAltos | Mar 2026 - Aug 2026

- Modernized and optimized the Regionika university platform using Astro, achieving faster loading times and improved resource efficiency.
- Designed a responsive, user-centered interface and contributed to frontend architecture and performance optimization.

Web Developer (Social Service) - Rector's Annual Activities Report

Universidad de Guadalajara, CUAltos | Mar 2026 - Aug 2026

- Developed the official web platform for the Rector's Annual Activities Report, creating an innovative and modern digital experience.
- Integrated React and Three.js to implement interactive 3D elements and advanced user interface components.
- Designed and built a high-performance user interface focused on seamless user engagement.

Full-Stack Web Developer - Postgraduate Studies System

Universidad de Guadalajara, CUAltos | Jan 2026 - Jun 2026

- Collaborated in the development and implementation of a web platform to digitize and centralize postgraduate program management at CUAltos, as part of a 15-person team.
- Integrated an architecture based on React and Tailwind CSS for the frontend, with a backend in Node.js, Python, and MongoDB.
- Replaced manual processes with an accessible and intuitive interface, improving operational efficiency and end-user experience.

EDUCATION

B.S. in Computer Engineering - Universidad de Guadalajara, Centro Universitario de los Altos (CUAltos) | 2023 - Present
